# ABOUT US

Founded in 1983, Crit d'Or, S.L. is a family-run business specialising in producing the finest nuts and caramelised, sugar coated and chocolate specialities.

Our products are produced in small quantities using artisan methods and natural ingredients at our own facilities in Granollers (Barcelona). We control every part of the process, right from selecting the best raw ingredients to producing

and packaging our products, following a very strict quality commitment.

The company is renowned for the quality of its products and the great care that has been taken in their presentation.

The Crit d'Or products can be found at the finest specialist and gourmet shops as well as the top restaurants and cake shops around the world.

# ALMONDS

We work with the following almond varieties and sizes:

VARIETY	LARGUETA	MARCONA	PLANETA
			
SIZE	S/14 (big)	S/16 (big)	S/14 (big)
			
	13/14 (medium)	14/16 (medium)	

# ROASTED NUTS

Artisan roasted nuts, prepared in small batches over the fire. We only use the best and most flavourful raw nuts (such as Largueta almonds) since they add to the taste of the final product.

We create our roasted nuts as we always have done, in a rotating drum. The nuts rotate around the fire, within the rotating drum, where they remain for the time necessary to attain the optimal point of roasting and their characteristic flavour.

This traditional roasting is the only method possible to give the product the authentic, traditional roasted flavour that is typical of our country. The flavour of the final product is an intense and aromatic roasting, quite different from the industrial roasting process where the roasting point is much less intense.

# SALTED NUTS

We create our salted products in small batches, in a traditional manner. They are cooked to perfection with vegetable oil and are seasoned with sea salt. We only use the best and most flavourful nuts (carefully selected based on their variety, size, origin, flavour, appearance, etc.) since they contribute to the flavour of the final product.

Discover our variety of salted products, from traditional salted Marcona almonds, to the cocktails that we prepare to be enjoyed as a delicious appetizer, to recipes created by us, such as salted shelled pistachios.
